

THE BULLETIN

Spring Issue 2007

Well connected: This edition has been produced at the Connect Centre (Wyre Forest), in Blackwell Street which is currently the home of North Worcestershire Dial.

A long planned move to newly refurbished premises in Kidderminster fell through when the closure of the Social Education Centre took place in January and the new unit in Orchard Street was oversubscribed.

The management and staff at Connect, with whom Dial has always worked closely, has since hosted our core services including; administration, the helpline and Information Point.

After initial delays the phone services are now fully operational.

The Bulletin format has been changed on a pilot basis following changes to the postal charging system. Feedback on the format is welcomed.

Form Filling Sessions and Face to Face Advice:

Kidderminster - The base office move coincided with the move of the form filling service to the newly opened Customer Service Centre at Kidderminster Town Hall. Appointments are available on Wednesday and Thursday mornings. Additional appointments are sometimes available at the Connect Centre in Blackwell Street.

Redditch - Appointments are also available in Redditch on a Tuesday afternoon or a Wednesday morning at the Redditch Town Hall. Additionally an information point, without appointment, is being held at the Library on Wednesday mornings.

Bromsgrove - Sessions can be booked at the Dolphin Centre Hub by arrangement.

Continued from cover

Independent advice and form filling appointments can be obtained by calling our free and confidential Helpline: **0800 970 7202** In exceptional circumstances home appointments can be made. All operational services are provided by trained volunteers and are subject to availability.

Developing Services: With financial support from the **Halfords Staff Charity** our website, www.nwdial.org.uk has been upgraded with the latest version of **Browsealoud** software which allows the site to “**talk**” to you. Intended to improve access to those with visual impairment, or other barriers to reading, you can download the “**reader**” for **free**, see the site for details. If you have a problem with installation email or phone our administration/IT section for help.

There are also plans being made to develop the helpline service by extending the daily rota and taking calls personally rather than using an answer phone “**out of hours**”. An important additional benefit of this is to open up volunteering opportunities for people who are not able to work from our office to staff the helpline. **If this could be you, please contact us.**

The Shopmobility Scheme

Shopmobility is a registered charity used by 200,000 disabled people a year. There are over 231 schemes all over the country. Manual or powered wheelchairs and powered scooters are available to assist those with mobility problems to use the shops and facilities.

Most schemes are free of charge or charge a small fee.

Each Shopmobility scheme varies so it is important to contact the centre you wish to visit, prior to using the service. A member of staff or volunteer will give you all the information you need. Many centres prefer you to book in advance. Most ask that you bring identification containing your name and address on your first visit; this is so that they can complete a registration form and keep a record of your details. Many schemes will issue you with a membership card and on your next visit, you can simply show this card.

Once you have registered, a member of staff will talk to you about what sort of vehicle you require and what you will feel comfortable using. They will then give you training in handling the vehicles. When you feel confident, and the staff are happy that you are in control of the vehicle - **off you go!** The whole process takes no longer than 30 minutes maximum and in most cases you will be off in about 15 minutes.

Below are the contact numbers for some of the local schemes. If you want details for schemes in other regions you can contact **The National Federation of Shopmobility UK** on **0845 442446** or visit their website **www.justmobility.co.uk** or you could ring the local tourist information board nearest to the place you want to visit.
