ASPERGERS

Aspergers Syndrome is a form of Autism, which is a lifelong disability that affects how a person makes sense of the world, processes information and relates to other people. Autism is often described as a 'spectrum disorder' because the condition affects people in many different ways and to varying degrees. It affects about 1 in 200 people and is more commonly in men than women.

ASPIE

Telephone: 01905 27825

ASPIE is a social self-help and motivation group for adults with Asperger's Syndrome. They provide a centre in Worcester where Aspies feel welcome and accepted. They encourage one another to engage in various discussions, games, workshops, quizzes and other activities to build confidence and self-esteem which transfers to the areas of our lives outside of the group.
